

Our journey together to help people see brilliantly continues. It connects us as an ophthalmic community and anchors us in tumultuous times. We are all in this together.

As part of the community, Alcon has partnered with ASCRS and AAO to provide complimentary access to online educational and training materials at AlconExperienceAcademy.com. Featured content includes ASCRS and AAO 2019 subspecialty presentations, 2019 ASCRS Alcon 3D content, and more than 800 topic-specific videos.

We hope this helps you stay engaged, connected, and focused on the possibilities that lie ahead for you and your patients.

Steady As We Go
